Codo Advisory's inaugural press conference was held.

Codo Advisory, a joint-venture between AMITA Holdings Co., Ltd. and MCP Japan Holding, a first financial firm expanding into Fukuoka by TEAM FUKUOKA, held its inaugural press conference, aiming at helping companies and local governments define and improve their low-carbon transition strategy.

Mayor Soichiro Takashima of Fukuoka City joined the occasion, saying "If more companies take de-carbonization strategies based on global criteria, it will enhance Fukuoka's appeal as a destination for ESG investment from around the world. We welcome Codo Advisory as fellow members of TEAM FUKUOKA."
